National Programme for Control of Blindness (NPCB)

in association with
Eye Bank Association of India (EBAI)
and
Rotary Aravind International Eye Bank (RAIEB)

ARAVIND EYE CARE SYSTEM

Objective

The objective of this 2 day workshop is to upgrade the delegates in technical, administrative and grief counselling skills required to operate quality driven, productive and cost effective eye banks.

Rationale

Corneal Transplantation is one of the great success stories of the 20th century. And it owes a great deal of its success to good, safe eye banking practices in India. Eye Banking is evolving to a more standardised professional level. From a one room set-up most eye banks in India now have a planned and dedicated infrastructure with state-of-the-art equipment. The EBAI supports the eye banking system by working with the Ministry of Health, Government of India and by offering technical support to start and run eye banks. There is an urgent need for training various cadres of eye banking personnel so that quality assurance in Eye Banking will be constantly adhered to.

Target Group

- Organisation that has Eye Bank / Eye donation centres
- Organisation willing to start Eye Banks / Eye donation centres
- Eye Bank Technicians, Ophthalmologist / Physician, any Eye Bank personnel, NGOs, Grief counsellors and ophthalmic assistants

Topics

- Corneal blindness
- Roll of NPCB in prevention of corneal blindness
- Eye Donation awareness programs & collection centres
- Medical standards in eye banking
- Tissue processing techniques
- Disposal of waste materials, Infection control, quality assurance
- Eye bank data management & reporting - documentation
- Donor cornea transportation / distribution
- Hospital cornea retrieval program
- Grief counselling
